

Use-Case Flow Specification — Approve Event Budget

Use Case ID: UC-02

Use Case Name: Approve Event Budget

Primary Actors: Faculty Coordinator, Finance Office, Dean

Preconditions

1. The Club Lead has submitted an event proposal.
2. The proposal contains the required event and budget information.
3. The user performing the approval is authenticated.
4. The proposal is awaiting approval from the current approval authority.

Postconditions

1. The approval action is recorded with the relevant approval details.
2. The proposal moves to the next approval stage after successful approval.
3. After approval by the Dean, the proposal status is changed to **Approved**.
4. The Club Lead is notified of the final approval status.

Main Success Scenario

1. The Club Lead submits an event proposal containing the proposed event budget.
2. The system validates the required proposal information.
3. The system routes the proposal to the Faculty Coordinator.
4. The Faculty Coordinator reviews the event and budget details.
5. The Faculty Coordinator digitally approves the proposal.
6. The system records the Faculty Coordinator's approval and routes the proposal to the Finance Office.
7. The Finance Office reviews the proposed budget.
8. The Finance Office digitally approves the proposal.
9. The system records the Finance Office's approval and routes the proposal to the Dean.
10. The Dean reviews the event proposal and budget.
11. The Dean digitally approves the proposal.
12. The system records the final approval and changes the proposal status to **Approved**.
13. The system notifies the Club Lead that the proposal has been approved.
14. The use case ends successfully.

Alternate Flow — Finance Office Rejects Proposal

8a. Finance Office rejects the proposal.

1. The Finance Office selects **Reject** and provides a reason for rejection.
2. The system records the rejection and the reason provided.
3. The system changes the proposal status to **Rejected**.

4. The system notifies the Club Lead about the rejection.
5. The system does not route the proposal to the Dean.
6. The use case ends.
